How to use this calendar

Each day tells you what to post, in which format, which content pillar it serves, the goal, a call to action — and which tools from this kit to use.

BEFORE DAY 1

Set up your month

Fill in the worksheet on the next page. It takes 15 minutes and makes every prompt more specific.

EVERY DAY

Follow the toolkit links

"Prompt 022" means File 02, prompt 022.
"Idea", "Hook" and "Template" point to Files 03, 04 and 06.

WEEKLY

Review on lighter days

Days 7, 14, 21 and 28 are lighter so you can review, reply and plan the next week.

MAKE IT YOURS

Posting every day isn't required. If 3–4 posts a week is realistic for you, follow the calendar in order and simply take longer to complete it. Consistency matters more than speed.

Swap any day that doesn't fit your business with an idea from the same pillar in File 03.
